**NIOSH Approved Micro-filter Protection Against Dusts, Fumes, Micro-organisms & Non-Oil Containing Mists**

**AD2N95, AD2N95V & AD2N95OV** - Strong, double-shell construction retains its shape through multiple uses. Won't absorb moisture, minimizing breathing resistance. A soft, non-irritating inner facepiece, adjustable nosepiece with foam seal, and heavy-duty latex free headstraps combine to create a mask with superb comfort characteristics.

**AD2N95OV** - Incorporates a layer of activated charcoal that filters out nuisance level (below PEL) of organic vapors and some acid gases. Not available with a valve.

Valved and Non-Valved models are available.

Adjustable nosepiece - with foam seal.

Adjustable headstraps - heavy-duty latex free!

**AD2N95** Soft non-irritating facepiece - clear mask with superb comfort characteristics.

**AD2N95OV** Strong, double shell construction - retains its shape through multiple uses.

**Utility Mask**  
Offers relief from non-toxic dusts and pollens only.

The 15ND10 is unlike any other dust mask because of its unique design and features. It is lightweight, easy to breathe through, fits easily and comfortably, responsive disposable. Less than 1/8 ounce and doesn't collapse when it becomes wet.  
Not NIOSH Approved.

44-200 Utility/Dust Mask 50/box **\$ 9.25**
